**NOTICE DATES**

2019-11-06 to 2019-11-12

**MAINTENANCE NOTICE**

The Toronto Pearson Noise Office publishes Maintenance/Construction Notices for resident awareness of airfield maintenance and construction that could lead to increased usage of other runways. This is regular, scheduled maintenance that may consist of but is not limited to grass cutting, rubber removal, patching, electrical work, and line painting. This schedule is subjected to change, and unscheduled runway unavailability may occur.

**Notice:** Due to simultaneous closures of preferential runways 05/23 and 06L/24R, we expect to be operating the North-South runways overnight on November 6 to 7, 2019.

**RUNWAYS IMPACTED**

Time period	Runway	Type of work
November 8, 11 and 13, 2019 from 10:30 am to 2:00 pm daily	06R/24L	Runway closure due to line painting on high speed taxiways D1-7
November 8 to 10, 2019 from 12:01 am to 6:00 am nightly		Electrical work adjacent to runway strip and sanitary sewer inspection
November 13, 2019 from 12:30 am to 6:00 am		Electrical work and runway lighting tests

**Our [preferential runway system](#) is in effect during the nighttime hours of midnight to 06:30. Maintenance on those runways could mean increased use of other runways while work is underway.**
